

## Right Respecting Action Team

By Eleanor.R year 5

This is last year's School Action Team! The reason we have a School Action Team is because we are a Gold level rights respecting school and the action team help to teach people we all have rights.

There are forty two rights the United Nations believe that all children are entitled to. We teach children how to use these

rights as they grow up.

Rights are one of the most important things in our school. The school action team help to improve school so that all children have their right to an education, the right to be safe and all of the other 40 rights are met. There will be elections next week for the new school action team.

### Amazing Attendance

By Hasan A

#### Article 28 the right to an education.

This year we are really focused on improving our whole school attendance as every day missed is **6 hours** of education which you will never get back! We are aiming for 96% every week. If every class reaches our goal we are going to have a party for the whole school.

### Supporting Others

By Delisha O.

#### Article 38: The right to be protected from war.

Last year, the School Action Team helped raise £876 to help UNICEF support children affected by the war in Ukraine. We organised a cake sale! WE NEED YOUR HELP!! This year we want to raise even more for children in need and you can help us by bringing in £1 on Friday.

### Peaceful Parking

By Logan W

#### Article 19 the right to be safe

We need your help!

At the start and end of the school day, the school roads are packed with cars! Sometimes they are parked up the pavements and this makes it very dangerous for our children walking to and from school.

We want to make sure that no children are put in danger when they walk to school. We have

put out some more signs to encourage you to stop parking on the pavement and make sure that we have the right to be safe.

Please help us by parking sensibly (or even walking to school if you can).

## Pupil Parliament

By Zuzanna A

### Article 12-The right to be heard.

Last year, four children from the school action team were selected to be the pupil parliament. We go to different schools to talk about how we can make Manchester safer and more child friendly. Everybody gets a go to speak and have an opinion! As we are all from different parts of Manchester, we all have different opinions and problems. By listening to everyone, we can figure out what we need to keep and what we need to change in which area to make sure everybody feels safe.

## Children's Safeguarding Conference

By Lewis H.

### Article 19- article to be safe

Last year, four children from the school action team went to present at Manchester Children's Safeguarding Conference. We spoke about the things that the Pupil Parliament thought impacted on their safety in Manchester. Some of these were gangs, air pollution and parking around

school. All voices were heard in the event. There we met different people at the council that could help keep us safe. It was a very important to go and say our opinion about different topics.

We heard from an inspirational speaker, Steve Judge, who had to keep trying to walk after he was told he may never walk again after a car crash.

## Learning Language

By Ella w, 6D.

In January, our school action team went to Ghyll head and learned about different language associated with rights. Additionally, we learned about dignity; what it means, peoples worth. Interestingly, everybody has the same amount of worth so you do not treat anybody differently due to that.

**Universal** – all children.

**Inherent** – from birth.

**Unconditional** – doesn't have to be earned.

**Inalienable** – can't be taken away.

**Indivisible** – all equally important.
