

Dear Parents and Carers,

Nursery Rhyme Parade

Last Friday, saw our first Nursery parent's event. The children dressed up as their favourite nursery rhyme character and sang nursery rhymes for their parents. Thanks you to all of the families who attended, it was a lovely afternoon!

Polling Day

On Wednesday this week we had our elections for the School Action Team. The children who were up for election, made their own manifesto videos to explain why they'd be good at the job and then their class mates voted for who they wanted to represent them. It was a fantastic day where the KS2 children got their first taste of democracy.

Switch off Fortnight

This week saw the start of switch-off fortnight. Year 4 have asked everyone in school to think more about their energy usage and make an effort to save energy where we can. They will be checking the meter readings to see what difference we have made. They have been doing a great job all week checking the classrooms to make sure the lights have been switched off!

Go Green Day- next Friday

Remember that next Friday is our "Go-Green" day. Year 4 have organized a no electricity day and they are asking children to come to school wearing green and donate 50p towards the costs of new recycling bins across school! Year 4 are really becoming change makers this year!

KS1 phonics stay and play next week

On Wednesday morning, Miss Cronin will be running a phonics stay and play session for parents in key stage 1. Bring your children into school as normal and then come in through the dining hall. Miss Cronin will do a short presentation with you and then your children will join you to play some phonics games together. It would be great to see you there!

Attendance

We were so proud of our whole school attendance this week- 10 classes were above our target of 94%! Miss Bryan's class won for the second week in a row with 96.8% Can they make it 3 weeks in a row?

Our whole school attendance this week was **93.8%**. Only 0.2% away from our target!

Come on everyone, we can do it!
